

# *The College of Saint Teresa*

KANSAS CITY, MISSOURI

## *ACCREDITATION AND MEMBERSHIP*

The College of Saint Teresa is a four-year liberal arts college accredited by the North Central Association of Colleges and Secondary Schools. It is accredited by the Missouri State Department of Public Instruction for the Certification of Elementary and Secondary Teachers.

The College holds membership in the Association of American Colleges, the American Council on Education, the National Catholic Educational Association, and the Missouri College Union.

## *DAYS OF STUDY*

The school year is a thing of the past: College Day and Key Night, the dances and mixers, the Father-Daughter banquet, May Day and Field Day, Baccalaureate and Graduation.

This book is not a complete chronicle of 1956-57, but we hope these "views" recall memories of "days of study, days of pleasure."

MARY ANN McCOWAN, B.S.  
*Nursing*

Each month we attend a Sodality Mass in our chapel. The Blessed Sacrament is kept in the Oratory next to the library.

A chaplain is on campus all day, available for conferences and confession. Our resident students have the opportunity to attend daily Mass.

# Theology

Our curriculum is integrated through the study of Theology. Our aim is to see things in their relation to God; to direct our moral life toward God; to put other courses in their proper order; and to equip ourselves for leadership in restoring all things in Christ, through Mary.

*Theology Classes are broken up into small groups*

*A Christian Marriage Class for Nurses*

# Theoretical Science

## PHILOSOPHY

Philosophy serves as the handmaid of Theology. Courses in Logic, Metaphysics, Cosmology, Psychology, Ethics, and the History of Philosophy aim to perfect human wisdom. Through the Humanities Courses, Philosophy, History, and the Liberal Arts are integrated.

*Ethics: The quest of God by means of human acts*

*Beauty in harmony, proportion, and integrity*

## MATHEMATICS

Courses in Mathematics are designed to develop precision in thought and acquaint the student with the part Mathematics plays in contemporary culture. Math majors may teach, work in industry, or enter research work.

## CHEMISTRY

General Chemistry, Inorganic and Organic Chemistry, Quantitative Analysis, and Biochemistry are included in the Chemistry major's program. Those interested in Medical Technology and Nursing will also be enrolled in Chemistry courses.

*The chemistry major is skilled in precision*

*A world of wonder through the microscopic eye*

## BIOLOGY

In the general program are included General Biology, Genetics, Physiology, Anatomy, Microbiology, Parasitology. And for the medical technologist courses in Medical Bacteriology, Immunology and Serology, and Hematology are offered at St. Joseph Hospital.

## HISTORY

American Government, European Civilization, the Development of Christian Thought—these are a few of the courses that make up the history program.

*You can see it all in cinerama*

## *Practical Science*

*Discussion—group technique*

## SOCIOLOGY

Courses in this Department aim to help students to participate intelligently in activities for social betterment. The Family, Rural and Urban Sociology, Child Welfare, and Social Psychology and Controls are some of the courses offered to future sociologists.

# *The Liberal Arts*

In our classes in literature, drama, foreign languages, music, and art, we form habits of mind that make possible appreciation and production of beauty.

These subjects are taught so as to increase our aesthetic capacity for our own enjoyment and also to prepare us for positions in creative fields.

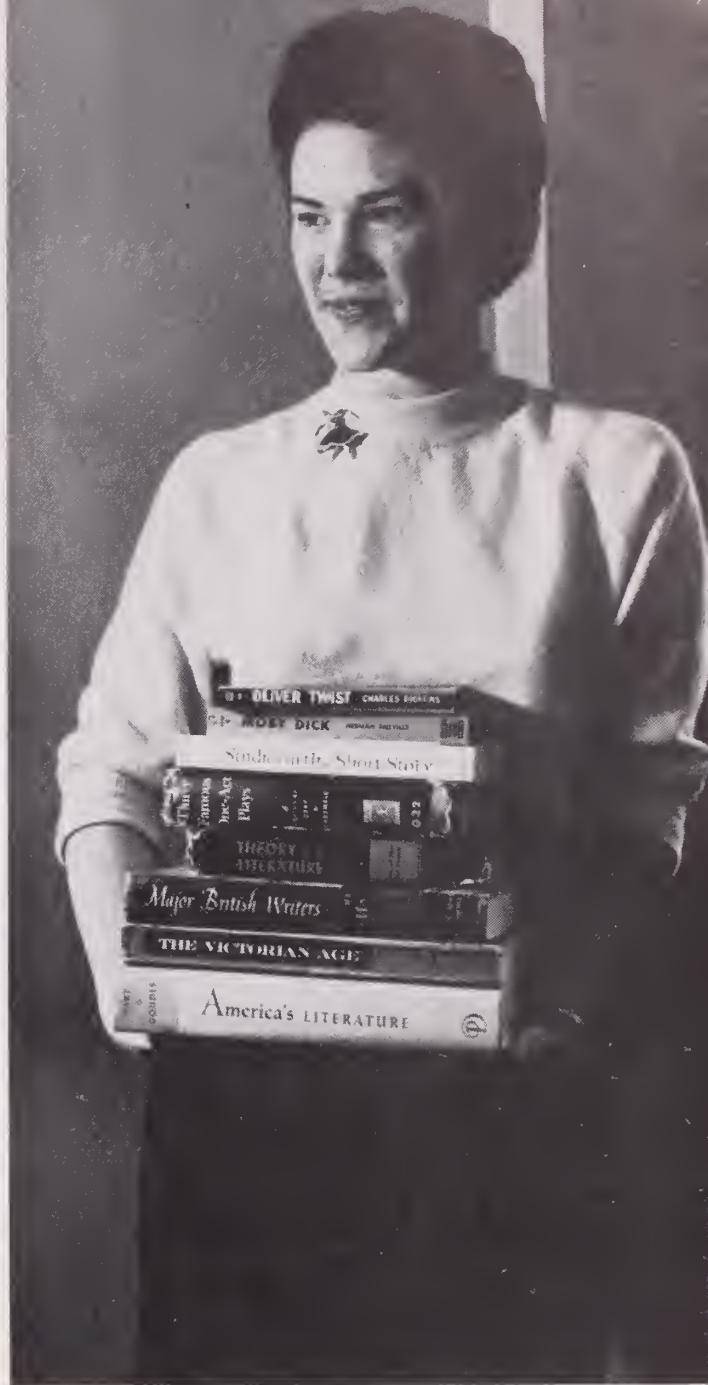

*Through technical and creative development, the students acquire an appreciation for and knowledge of great art, as well as knowledge necessary for positions in teaching and commercial art.*

## ENGLISH

Basic courses are taught in Rhetoric, English and American Literature, and in Literary Criticism. For those who wish to write, special courses in the Short Story and Playwriting have been set up. Many St. Teresa graduates with an English major are teaching in elementary and secondary schools. Others have entered the advertising profession.

*Lay-out work on THE TERESIAN, campus paper*

*An English major carries a heavy schedule*

Journalism experience is provided through working on the campus magazine, *The Golden Echo*, and the monthly newspaper, *The Teresian*. The Department also publishes the Viewbook.

*Senior piano recital*

## MUSIC

Courses both in theory and practice are offered to those students who select music as their special interest. The sixty-voice chorus and the selected vocal ensemble sing at school and civic functions. The Christmas cantata and the spring fashion show are highlights of the Department's activities.

THE LAST OF THE LEPRECHAUNS, *an original fairy-tale, written by Sister Marcella Marie and directed by Sister M. Felice*

## DRAMA

*Experiment with theatre-in-the-round:  
GIFT OF TENYIN, a Japanese Christmas Play*

Experiments in different forms of acting and in original drama, comprise part of the work of this Department. Courses are given in Stagecraft, Play Directing, Acting, Radio and Television Techniques, and Public Speaking. Drama students attend regional and national meetings of the Catholic Theatre Conference.

## FOREIGN LANGUAGE

The modern language program includes French, Spanish, Italian, and German. Emphasis is on the spoken language. The program also includes a study of the literature of the country. Listening to linguaphone records is part of the student's training.

*Phonetics: a vital part of learning a foreign language*

*The goal: speed and accuracy*

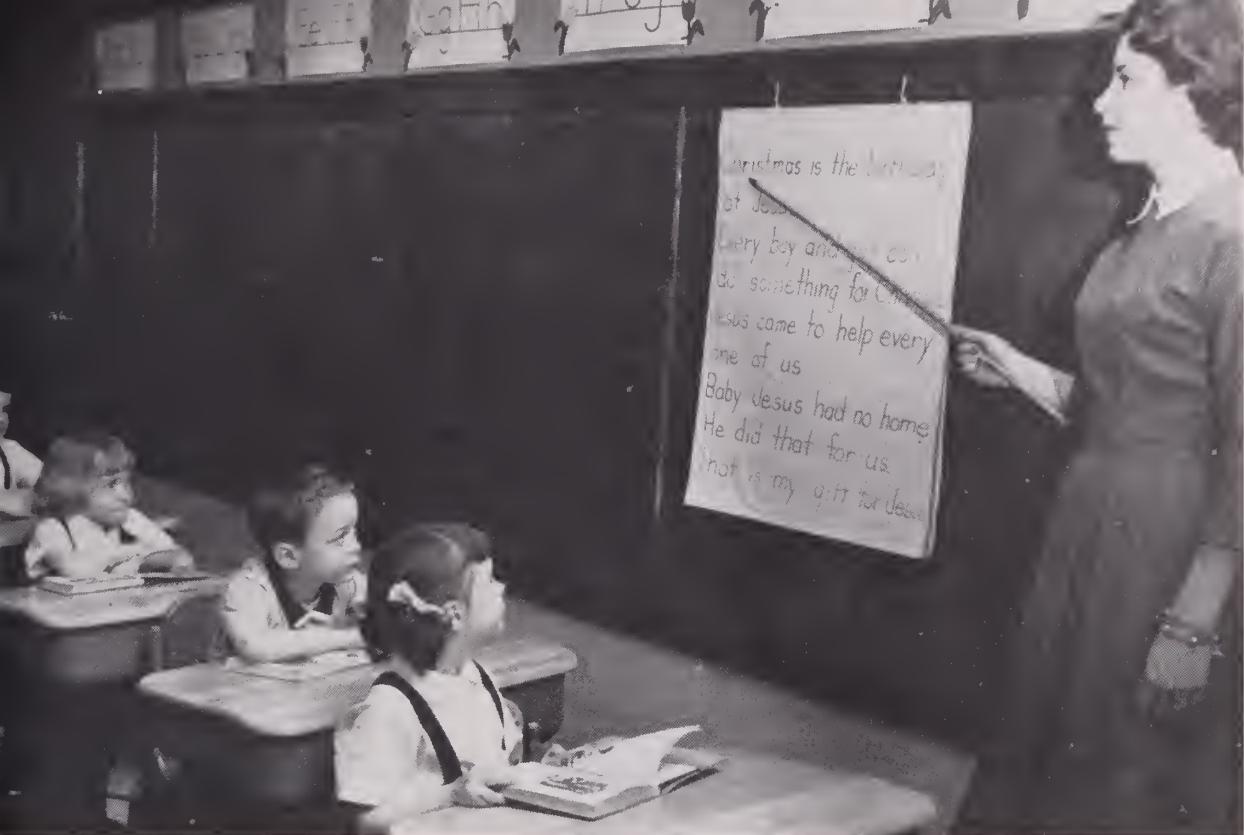

## *Professional Arts*

### BUSINESS ADMINISTRATION

Shorthand, Accounting, Business Management, Office Practice, Current Economic Problems, the Economic Content of the Encyclicals, and Business Law are some of the courses available to the major in Business Administration.

*Practice teaching: the real challenge of the future teacher*

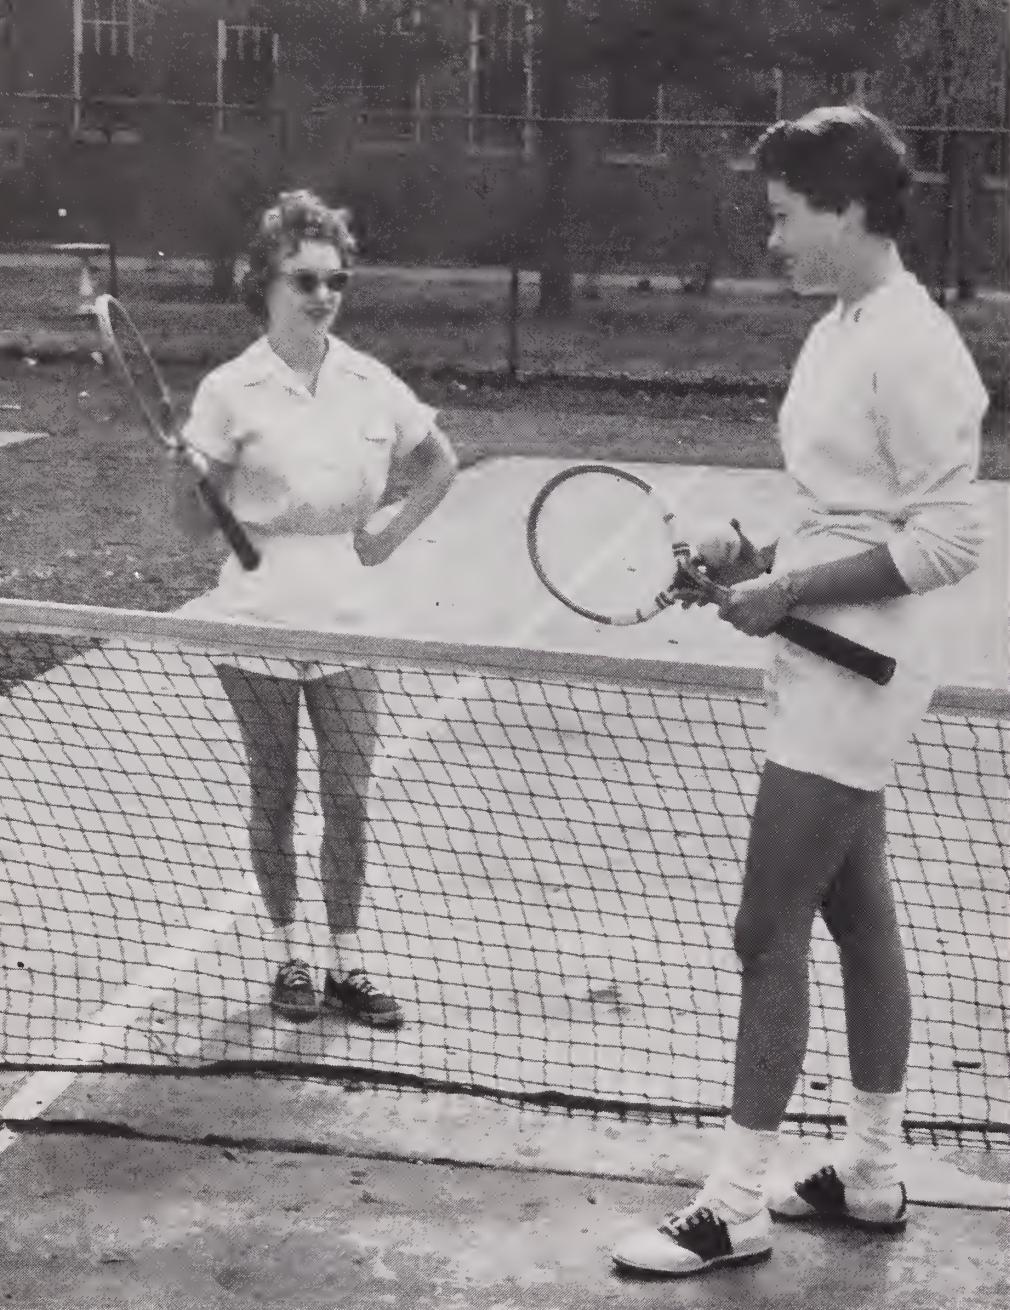

Education majors meet the requirements for teacher certification in the public school system of Missouri. Practice teaching is done during the senior year.

Those who choose a nursing career receive at the end of a four-year program a Bachelor of Science in Nursing and Registered Nurse certificate from the State.

*The cap fits just right and so we wear it*

*The tennis courts are a favorite haunt from the first day of spring through the summer months*

## PHYSICAL EDUCATION

Tennis in the warm weather along with baseball and in the cold months there's volleyball, badminton, bowling, and ice skating. Picnics and hikes are also part of the fun of keeping physically fit.

*The art of gracious living*

## HOME ECONOMICS

Home Economics means meal planning and serving. It also means knowledge of textiles and home furnishings along with child care and managing the family budget.

In our class meetings we conduct our school business. At coke and coffee breaks our extra-curricular activities are discussed. Through these informal gatherings we learn to know each other, to share our joys and to offer our congratulations when diamond rings are displayed.

*Coke and Coffee*

FRESHMAN LINE-UP

## RELIGIOUS ORGANIZATIONS PROVIDE EXTRA-CURRICULAR ACTIVITIES

At the annual Christmas party Sodalists entertain children from St. Joseph's Parish

*The Advent Wreath is a part of the Sodalist's preparation for the Christmas season*

*Panel Discussions are vital in the campus Confraternity unit*

*THEN THERE IS*  
*SOCIAL LIFE*

College means more than a life of attachment to books and library. Parties too have their place in fashioning us into social beings. From the opening mixers each year

when Rockhurst College men invade the premises to the final spring formal, dances are events to look forward to, and once over, to talk about.

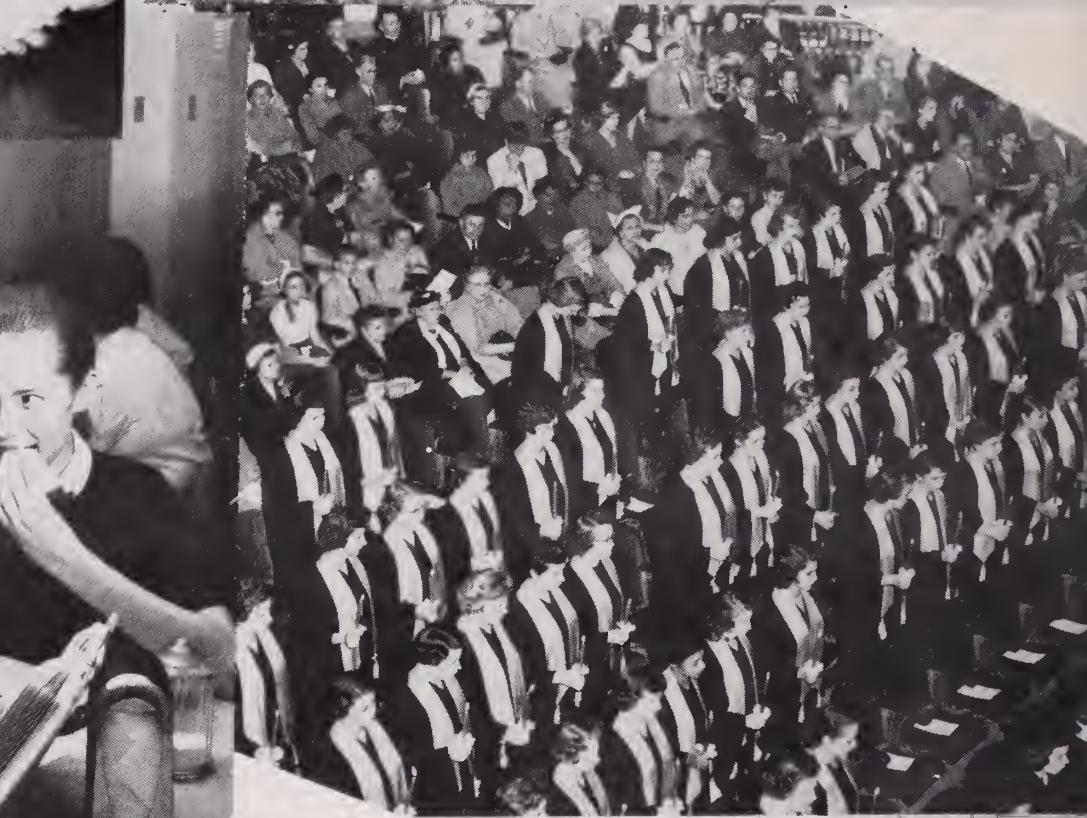

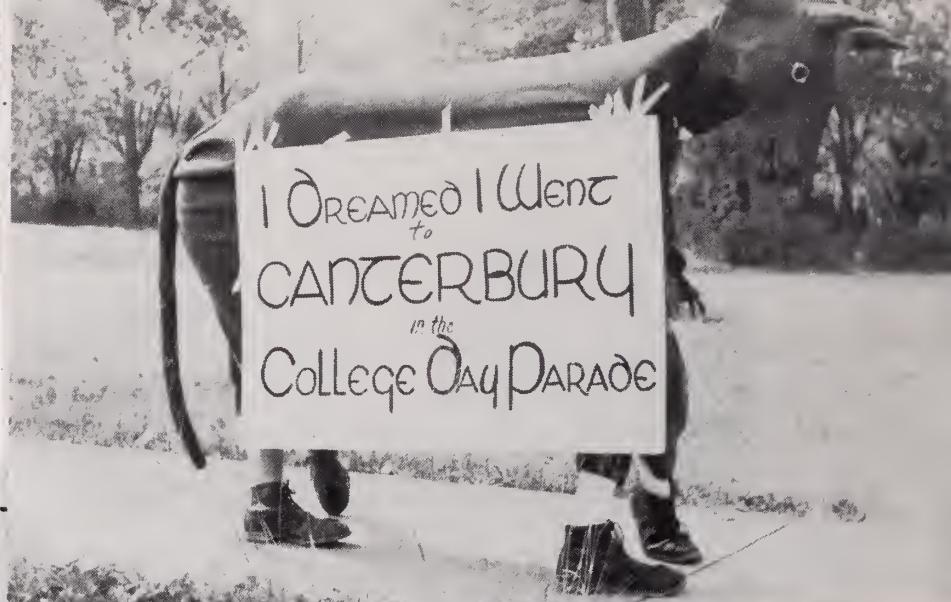

*Spring time is prom time*

### FORMAL DANCES

The Student Government opens the season at Thanksgiving with the fall formal. The Sophomores sponsor the Christmas

formal. The Valentine dance belongs to the Freshmen. And the season closes in the spring with the prom.

## GRADUATION

*The proud smile and a piece of sheep skin duly signed*

The culmination of four years of earnest study and the assurance that it has been worth it.
